Date	Task	Link / Notes
	Review current site http://wizzsolutions.com/ . Goal with new site is to create a clean flat image, reduce our amount of plans, create a minimalistic easy approach to consuming our services	
	Review current progress of 'new' site http://69.164.199.60/~wizznew/new2/ index.html . This was built off the Flat UI Kit. Review flat ui framework	'new' site - http://69.164.199.60/~wizznew/new2/index.html flat ui kit - http://69.164.199.60/~wizznew/new/components.html flat ui pro framework - http://designmodo.com/flat/
	Plan for mobile style sheet	
	Recreate header	Blue was just put there as a holder - would like to stick to black, red, greys if possible unless you think otherwise. Example clean header we love: http://www.rackspace.com/
	Recreate footer	Example footer we love: http://www.rackspace.com/
	Recreate / Improve home page	I like the different colors / feeling on the home page of https://www.2checkout.com/
	Recreate / Improve About page	
	Recreate / Improve Datacenter page	
	Recreate / Improve Specials page	
	Recreate / Improve contact page	
	Recreate / Improve plans page 1	Main table page for plans http://wizzsolutions.com/servers.php - Create special table and slider plan selector for page, example block selector on http://www.dotblock.com/ Goal- make it easy for clients to find the server or price they need.
	Recreate / Improve plans page 2	Secondary plan page http://wizzsolutions.com/usservers.php
	Recrate / Improve plans page 3	Service plan page http://wizzsolutions.com/europe.php The 3 plan pages will cover all of our product types
	Recreate / Improve WizzSecure (specialty product) page	Ref: http://www.rackspace.com/managed_hosting/services/security/.
	Check for cross browser compabitiy
